I also operates one of the most experienced guide schools in the nation. My school believes in quality graduates that are then hired or placed on jobs from Alaska to New Mexico. " I always have guides that give more than 100% and are qualified for the job."

SUGGESTED Supply list (What To Bring)

1. Fleece, water resistant pants or wool pants, both lightweight and heavy. Fleece and wool is highly recommended as they shed water and are also the quietest while hunting. Down or nylon clothing are noisy for hunting. Please, no poncho type rain wear.
2. Fleece or water resistant jacket or wool. Breathable shirts, both lightweight and heavy. Warm underclothing and plenty of socks, both wool and lightweight. Gaitors are nice to have in deep snow.
3. Toilet kit and personal items. Comfortable pants, shirts and jacket for evening. (Motel)
4. Cold and wet weather boots. There are a number of good boots on the market today. We have found that waterproof, insulated, Vibram soled leather boots work well and also rubber-bottomed, leather-topped, insulated pack boots with Vibram or Airbob soles. Vasque, Crispi, LaCrosse, Timberland, Browning, are all good and have excellent traction, which is a must for rough country.

5. Daypack, to carry camera, lunch and small items, gloves, hat, Flashlight, binoculars, match case and knife (extra batteries for flashlight). Extra Jacket.

6. Two boxes of ammo should be sufficient. (check your rifle here prior to hunting). We do not recommend bronze, silvertip or hollow point bullets.

7. A hunter orange vest is required in Montana and must be 400 square inches. This can be a vest, shirt or jacket that you wear on the outside, above the waist during rifle seasons. Be sure it is quiet material, it may be camo orange. If you have any trouble getting the above items, check with Cabella's or please get in touch with me and I can suggest where to buy them. Our experience in clothing and hunting gear will help you have a successful hunt!

CALL ME WITH QUESTIONS AND FOR AVAILABLE 2020/2021 OPENINGS!

A Letter To Hunters:

Deer, Elk, Bear, Antelope, Cougar, Wolf, Moose, and Sheep Hunters, Thank you for asking about my services. I hope most of your questions will be answered by carefully reading this brochure. Please call with any questions, or to reserve your hunt dates with a deposit. Call my cell phone, 406-239-1752 or my EMAIL rickwemple@aol.com,

I can set up excellent Hunts, with high success rates, and help you with licensing, accommodations, food and transportation. I do know the meaning of providing quality service and giving more than a 100% effort for our guests. This is what keeps me in business for all these years. I was born and raised in the Bitterroot & Sapphire Mountains of Montana and Idaho, I have had the good fortune of being a Guide and Outfitter since 1974 with my parents, Jack & Shirley. My mission is to continue building a reputation as an honest and Top Rated Outfitting business. I am committed to providing you an excellent hunting experience.

With over 44 years of hunting experience in this region, you can have confidence in selecting me as your Outfitter. And we have lots of game! My love for the outdoors and respect for the wildlife, coupled with my hunting & guiding experience, has taught myself and crew valuable lessons in guiding for fair chase big game hunts. We hunt as hard for our clients as we can. We have the game, but we cannot control weather, and elk don't like to be shot. They do have a lot of country to live in. We hunt fair chase. My goal is the total satisfaction of our clients. I believe in fair chase and "Success is quality experience", call me to set up your hunt, and I will look forward to meeting you soon here in MONTANA. I'm still guiding, and we could hunt together next season!

Sincerely, yours in hunting & success,

Rick Wemple MT. Lic. #163
